

THE SCHOOL DISTRICT OF PHILADELPHIA
CHARLES W. HENRY ELEMENTARY SCHOOL
 601 Carpenter Lane, Philadelphia, PA 19119

March 13, 2020

Dear C.W. Henry Families,

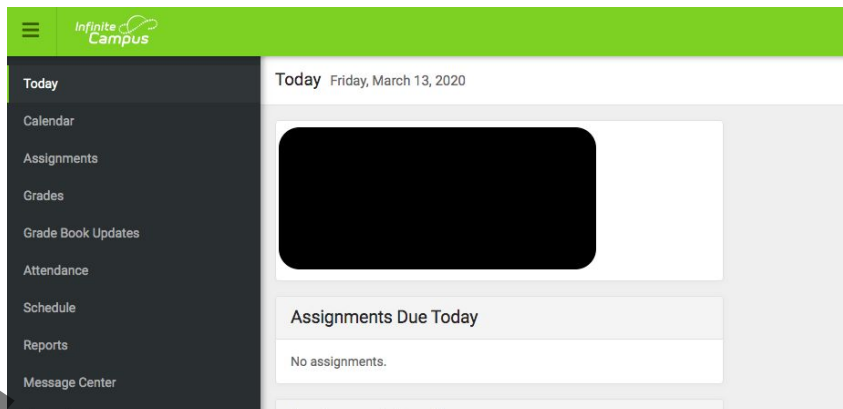

We understand the impact this 2 week closure will have. It is important for our students to continue to learn and grow, even under these very challenging circumstances. **All** Henry students have access to the iReady computer based program for reading and math. Teachers can assign lessons remotely or students can continue on a learning path that was created after taking a Diagnostic assessment.

In order to to access the online program students must login to the school district portal at www.philasd.org:

Thank you for flexibility and understanding during this difficult time. Please stay safe.

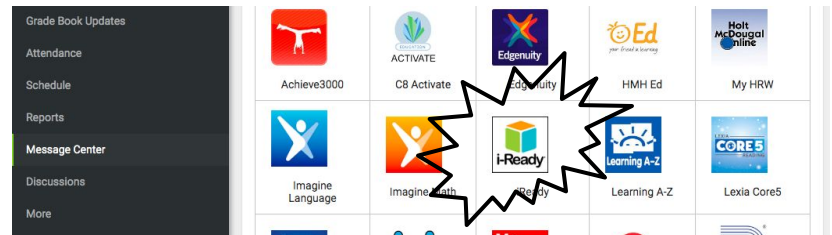

Once logged in you will be at this screen with your child's picture. Click Message Center on the left hand side:

Once in the message center, scroll down and click the iReady icon.

The school district login won't work unless you login through the school district site (it won't work through the iReady app).

Comcast is currently offering 60 days of free internet for those who need access:
<https://www.internetessentials.com/>

We will continue to update you with information as we get it. Stay healthy and well.

Sincerely,

Principal Davis and the CW Henry Team
